

**EN Repair set for condensation problems**

This spare part may be assembled by qualified and instructed specialized personnel (electricians) only. The proper function and the safety of the appliance can be affected by an improper repair and even serious threats to life or physical condition may arise. We are not liable for damages caused by the improper use of third persons. For repairs on domestic appliances the approved technical regulations are applied. Any existing additional country-specific requirements and regulations must be observed. In case of doubt please contact our factory own customer service.

**The power module is supplied without the covers. The existing covers, top (1) and side, where applicable (2) should be installed in each case.**
